

## 与謝野町歌 ~ English ~

- 1 Shining up Oh-e's peaks with a beam of the sun,  
A new day dawns on Yosano, full of high hopes,  
Blessed with rich green all over around us,  
Friendly greetings in the morning make our hearts warm.  
Oh, Yosano, happiness for everyone, Yosano-cho.
  
- 2 Flowing thro' farmlands into the Aso Sea,  
The Noda River grows all life, joining us together.  
When culture and folklore are woven into silk,  
The silky music leads us to a new century.  
Oh, Yosano, a lovely smile on each face, Yosano-cho.
  
- 3 Dreaming of the Ancient Bridge to the heavenly sky,  
Water birds play merrily over waves and pine trees.  
Once Nature and history are tied hand in hand,  
Our bonds are to be by far more enduring.  
Oh, Yosano, a bright tomorrow sure to come, Yosano-cho.
